BOND RALLY AT ATLANTIC HEIGHTS

There was a Liberty Bond rally at Atlantic Heights on Tuesday and for a few hours there was more Liberty bond talk and action than has been seen for a long time.

Nearly \$28,000 worth of bonds were sold and to start something Fred A. Gray, who has the painting contract for the new houses, offered to go against the office force on the ratio of one to two. That is, he would buy one bond for every two they bought. The result was that before five o'clock the office force took up \$5,000 worth of bonds and Mr. Gray promptly signed up for another \$4,000.

The rally is still going on and every foreman is a self-appointed selling agent and there is considerable rivalry between them as to who will be high man.

ROCHESTER

Rochester, Oct. 16.—As Mrs. Peter York of Pine street started from a living room to the front door at her home Monday, to answer a summons, by mistake she opened the cellar door and fell the entire length of the stairs being quite badly injured.

M. Letourneau, of Chestnut street was chopping wood at Lebanon, Me. for Miriam Lord, Monday, when his axe slipped and a severe gash was inflicted on the side of his leg. He was removed to the office of Dr. John J. Bates, East Rochester, who took four stitches.

Mrs. S. Frank Dawson, Jr., a prominent member of Mary Carr chapter, D. A. R., of this city, died Monday at her home in Milton, aged about 30 years. She was also prominent at Milton in the Red Cross and Woman's club. She was a very talented soprano singer. Her husband and two small children survive her.

Arthur Montmarquette, 12 years old, who became an inmate of St. Charles orphanage, Aug. 31, died there Monday, after a short illness. He was the son of Norbert Montmarquette of Derby and the remains were taken to Lowell, Mass., Tuesday for interment.

Two children died Monday the two-year old son of Mr. and Mrs. Clarence Olley of Sturtevant Court and Katherine McMecham of Genie.

The funeral of Mrs. Eva Palmer, wife of John Palmer was held Tuesday afternoon at the residence on South Maine street, Rev. Frank S.

MILLIONS USE IT TO STOP A COLD

"Pape's Cold Compound"
ends severe colds or grippe
in few hours.

Relief comes instantly.

A dose taken every two hours until three doses are taken will end grippe misery and break up a severe cold either in the head, chest, body or limbs.

It promptly opens clogged-up nostrils and air passages in the head, stops nasty discharge or nose running, relieves, sick, headache, dizziness, feverishness, sore throat, sneezing, soreness and stiffness.

Don't stay stuffed-up! Quit blowing and snuffing! Ease your throbbing head! Nothing else in the world gives such prompt relief as "Pape's Cold Compound," which costs only a few cents at any drug store. It acts without assistance, tastes nice, causes no inconvenience. Be sure you get the genuine.

Hartley officiating, interment was in the Rochester cemetery.

Mrs. Sarah Steeper, the well known milliner on Orchard street has been suffering with a severely sprained wrist caused by a fall in her home.

Charles Dixon, United States navy has been at home on a short furlough.

Miss Ellen Townsend who resigned her position in the East Rochester school has taken a position at New Haven, Conn., as teacher in a school for young ladies.

TOWNS ARE DESTROYED IN FOREST FIRES

(By Associated Press)

St. Paul, Minn., Oct. 15.—Reports reaching here are that McGrath in Alcona county is now burning and that Lawler and Alken are threatened by the fire. There is a fresh wind springing up and only a rain can prevent still further damage.

Society girls in Chicago are doing well with a "Food for France" restaurant, but the first day, when they wrote the menu on some one's thick white correspondence cards, the job had to be done twice, because some one had spelled potato with a final 'e'.

Crawford Ranges

Success Crowns Her Every Dish

Of course you've guessed the secret of her success—it's the Crawford Range. Of the exclusive Crawford features here are the ones she likes best:

Interchangeable Coal Hods—one for ashes, one for coal, concealed, clean—labor saving, means one trip to empty ashes and bring back coal.

Single Damper, which "Bakes," "Checks," and "Kindles" with one motion of an always cool knob.

A Convenient Gas End Oven, equipped with improved gas broiler. This broiler is instantly adjustable to hold the food at any required distance from the flame without touching the pan, without bending over. It folds away when not in use.

Perfection of design and finish, long service and utility, distinguish Crawford coal ranges—or gas combinations.

THE NEED FOR ROOMS

The Chamber of Commerce is receiving numerous calls daily for housing accommodations, particularly rooms which could be used for light house-keeping purposes for small families, often consisting of man and wife only. If such rooms could be fitted up and made available by householders, they would prove of great value in aiding the war work in this city, as well as insuring a very satisfactory return on investment. If there are such places, Secretary Baker of the Chamber of Commerce would be very glad to be advised of them and desirable tenants can be easily provided.

PORTSMOUTH GIRLS SUCCEED

The exhibition of paintings by Susan Ricker Knox which opened October 7th, at the galleries of H. C. and N. N. Vose, at 394-398 Boylston street, Boston, will continue until October 19.

Upon the walls of the gallery are 14 portraits which demonstrate conclusively that here is a woman who knows how to paint sunlight, children, landscapes and portraits of grown-ups, both men and women. Particularly excellent are her sunlight studies and child paintings.

Miss Knox is essentially a painter of sunlight, but has specialized in portraits of children. She was born in Portsmouth, N. H. After studying in New York and Philadelphia art schools Miss Knox went to Europe. She later became a pupil of Leyce. She is a member of the National Arts Club and other organizations.

One of her most interesting pictures is that of Miss Debora Lesau, an interesting little girl of about two and one half years. Her "Lady in a Tan Vender Dress," who in real life is Mrs. C. Waterbury Clark, is very well done and is perhaps the best work of the exhibition. There is also a portrait of a gentleman in which Miss Knox has brought out a good deal of character.

ENGLISH SHIPS CARRY OVER HALF OUR ARMY

London, Oct. 15.—Last spring, in one of the darkest hours of the war for the Allies, when the United States was told that it was imperative to rush over at once tens of thousands of American troops to help stem the German advance, a dramatic scene occurred in London. The great question was could England provide the tonnage for the American aid. David Lloyd George, the prime minister, sent for Sir Joseph Maclay, British shipping commissioner.

"Can you find the ships?" asked the premier.

"Give me till five o'clock," was the answer.

At five Sir Joseph reappeared. "Yes," he said quietly. And he found the ships.

HINDENBURG ADVISED GERMANY'S PEACE NOTE

**Declared That Army Could Not Stand
Out Much Longer---Lack Munitions**

(By Associated Press)

Washington, Oct. 15.—The internal political condition of Germany and possibly Austria and Hungary as well as the military conditions on the western front will determine the nature of the reply that Germany will make to the answer of President Wilson. The President's note is expected to have reached Berlin today.

Reports reaching Washington today from official sources indicate the existence of an unsettled condition in

Germany and it is also said that it was Field Marshal Hindenburg who boldly stated that Germany must accept peace terms the best they could get.

It was said at a recent meeting of the military leaders with the leading men of the country that Hindenburg declared that the army did not have the munitions or the materials from which to make it to stand out much longer and advised that the best terms possible be made, with an armistice if it could be secured.

ALLIES OUTFLANK GERMAN NAVAL BASE ON NORTH SEA

(By Associated Press)

The entente forces in Belgium and France continue successfully to drive the enemy before them. In Belgium and Flanders the advance is somewhat rapid but on all of the other sectors of France the Germans are fighting desperately. The Allies have captured 7,000 prisoners and 50 guns.

The great wedge which is being driven by the Belgians, British and French in Flanders now seriously threatens the tenure of the Germans from the Lys river to the sea including the submarine and other bases. While in the south the little salient is being gradually encircled.

French and American forces are struggling mightily in their drive northward from Champagne along the Alsace valley into the country through which the Germans will have to retreat in the event of a debacle, should they be checked by the continued advance of the Allies from Lille to Rheims. The Germans are vigorously defending these positions and are sending particularly vicious counter attacks against the Americans east and west of the Meuse, where the entire German line would be menaced if Gen. Liggett's troops should make a sudden dash much farther north along the river.

In the Rouen sector further gains have been made by the Americans in face of terrific artillery and machine gun fire, coupled with the natural defenses and the great mass of wire entanglements and also in the face of bad weather. To the west the French are closing in on Bethel.

In Flanders the British have captured Messin, and the Menin-Thourout line has fallen, and the Thourout-Courtrai railroad line has almost been won. The capture of Thourout completely outflanks Ostend and brings the British and Belgians within ten miles of Bruges, with its railroad line

running to Zeebrugge, a German naval base on the North Sea. Reports are to the effect that the Germans are withdrawing both army and navy from this base.

In Albania the Italians have occupied the Austrian naval base Durazzo, on the Adriatic sea, while the Serbians and Allies are driving the enemy north of Nish.

Paris, Oct. 15.—Boulers and more than a dozen other Belgian towns and villages were taken yesterday in the allied drive under King Albert of Belgium. The attack opened at 5.35 a. m. The second British army advanced 4 1/2 miles reaching the outskirts of Menin and taking 2,200 prisoners. The Belgian army advanced nearly 5 miles toward Thourout, taking 4 villages and 3,500 prisoners. The French army attacked with the Belgian troops on both flanks, occupying Boulers and four other localities and taking 2,500 prisoners. Large numbers of guns were taken, including six complete batteries with teams about to be returned.

DOVER

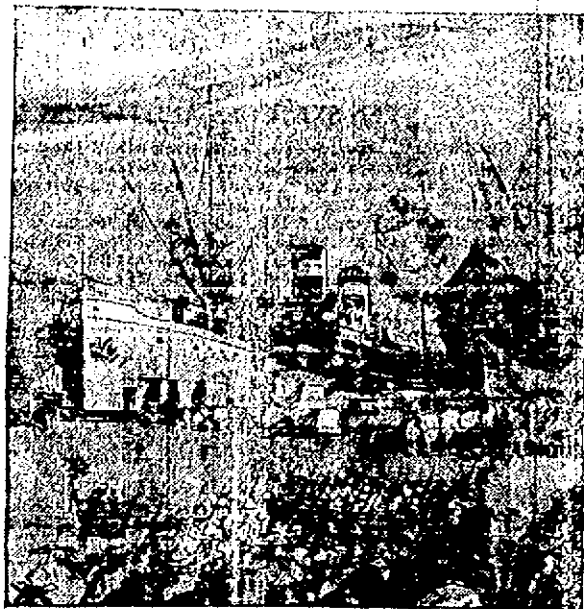

Dover, Oct. 15.—The influenza epidemic in Dover has been conquered. This was the good news that was given out Tuesday forenoon by the board of health. Local doctors who reported to the health officials this morning were optimistic and unless something unexpected develops it is believed that this week will see the last of the disease in this community. Several of the physicians did not have a single call during last night and others reported that they had been summoned to answer but one call each. Up to 10 o'clock this forenoon there had not been a death reported here during the past 24 hours, the first time the statement could be made here for many days. The health board stated this morning if the clear cold weather continues and no relapse occurs here the epidemic will have become thoroughly uprooted by the end of the week. In this case the ban on all public assembly will be lifted next Saturday night at midnight. It is still too early in the week, however, to state that this will positively be done.

Chief Justice John Kliver Tuesday morning denied the motion in the case of State vs. James W. Henderson to set aside the verdict. There was a hearing on the motion of Attorney Pierce counsel for the defendant asking that the verdict be set aside on the grounds that the verdict was against the law and evidence in the case. Attorney Pierce will now take the case to the supreme court on the exception which he took during the trial.

Mrs. Christina M. Seavey, widow of William P. Seavey passed away at her home 30 Oak street Monday aged 77 years. She was born in Alexandria but has been a resident of this city for more than fifty years. Mr. Seavey died many years ago leaving her with a large family of small children and she labored faithfully in the care and education of her seven children.

She leaves hosts of friends to mourn her death. She is survived by a daughter, Mrs. Christina N. Hood of Lynn, Mass., and six sons: William W. Seavey, Fred B. of Cambridge, Mass.; Hilda N. Nelson S. and William S. Seavey all of this city. The funeral service will be held at her late home on Thursday afternoon at 2 o'clock and will be private.

AGED RECLUSE MURDERED AT HOOKSETT

(By Associated Press)

Hooksett, N. H., Oct. 15.—The murder of Dennis Clifford, an aged recluse, was discovered today when two Manchester residents entered his shack and found him dead. Death was due to wounds made by a hammer on his head, three of these being sufficient to cause death. A hammer and a club were found in the room beside the body.

The End Is Coming.

Germany's answer to President Wilson's note demanding the evacuation of all invaded territory as a preliminary to the consideration of an armistice or the discussion of any peace proposals is highly gratifying as showing that the drift of the war has not changed, but is still going against the Germans with a force that commands their attention and respect. Such talk as they are indulging in now would have seemed like a dream only a few months ago. Up to that time the Germans had talked of nothing but victory for the "strong German sword," and undoubtedly they sincerely believed that victory for that sword was in store.

But recent events have changed their view, otherwise they would not be talking as they are now. That they are now ready to discuss peace in earnest is very evident. The steady defeats they have suffered for many weeks past, with more of the same sort of medicine in sight, have clearly brought them to a realization of the fact that their dream of world domination is blasted and that it is for their interest to make peace at the earliest possible date.

That is the meaning of this latest note from the realm of the Kaiser, regardless of the outcome of the correspondence, and in that fact lies the cause for gratification on the part of the Allies. It is, beyond all question, the beginning of the end.

But it is not the end, and, as this paper has repeatedly stated, the pressure must be continued until the need of it shall cease to exist. Secretary McAdoo warns the country that there must be no lessening of effort in behalf of the Liberty Loan, for which there is more work to be done in spite of the mighty boost it received on Liberty Day. The battle front must be kept solid and there must be no relaxation in the rear until the great task of making the world safe for democracy is completed.

Not since the beginning of the war has the outlook for the Allies been so bright. Not that there has ever been a time when it was not known what the ultimate outcome must be, but now it is clear that the Central Powers have reached the breaking point and are very anxious for peace.

President Wilson and the heads of the other Allied nations may be trusted to handle the situation that has presented itself wisely and safely. They are not to be deceived by camouflage. In the business of ending the war and disposing of the problems that grow out of it, Germany must depart from her customary practice and play her hand in the open. Apparently she is beginning to recognize this fact.

It only remains for the Allied nations to keep their heads and not to withdraw their hands until the time for withdrawal is ripe. And this they may be relied upon to do.

At New Hampshire College, a high value is placed on fresh air as a preventive of influenza. Classes are being held in the open air when practicable, and when held in the class rooms the windows and doors are kept open, the students being allowed to wear hats and overcoats when necessary. It is to be hoped that the war against this enemy may soon be over. "Evacuation of all invaded territory" are the only terms the people insist upon.

Many street railways are having their troubles, and among them is the Exeter, Hampton and Amesbury, which is talking "junk" for some of its lines. The increased cost of maintenance and operation and the competition of the automobile are severely felt by these companies, some of which must have relief or go out of business.

Many New Hampshire cities and towns have subscribed their quotas of the Liberty Loan, but there is yet more work to be done in the state, as is the case in other states. The German peace drives should cause no one to withhold his hand from this necessary work.

Congress is considering the imposition of a tax of \$10 on every person engaged in any trade, business or profession whose gross income exceeds \$2,500 a year. This includes the farmers, but not many in New England will be disturbed by the law in case it is enacted.

President Wilson's reply to the German peace proposal brought great joy to the American soldiers when the news reached them. What will they say when they hear of the Kaiser's latest effort to save at least a few brands from the burning?

The commercial apple crop is estimated by the Department of Agriculture at 2,000,000 barrels more than last year, the total being 24,400,000. This is good news for all classes.

NAVY YARD NEWS

On the Sick List

Constructor R. W. Ryden, shop superintendent, is confined to his quarters with the grippe.

Class Nearly Ready

The next graduating class in the yard trades school will go out this month and numbers about 200 mostly outside machinists and shipfitters.

New Chief Clerk

Jeremiah J. Flanagan is now acting chief clerk in the time section of the Industrial Department.

Some Railroad Work

The railroad work at the local yard has certainly developed greatly in the past year. The system now requires four locomotives to handle the work and the engines are busy all the time. The number of traveling cranes has also been doubled.

New Insignia for Women

Orders have been issued by the Navy Department to the effect that the use of all navy hat bands be discontinued with the exception of those bearing the words "U. S. Navy." Yeomen will discard the present insignia "Naval Reserve" for the new regulation band.

His Verses Made a Hit

"The Hun—His Mark," from the pen of William McColgan, a prisoner at the Naval Prison which has made a hit wherever read has been printed and hundreds of copies have been distributed in all parts of the yard to help boost the Fourth Liberty Loan. The work of the author was inspired from the original poster "The Hun—His Mark" by cartoonist St. John, which hangs in the Naval Prison with verses of McColgan written alongside the bloody hand.

On Tuesday night McColgan led the final drive in the Liberty Loan among the prisoners and added \$12,000 to the total which at present is over \$80,000 spot cash. The prisoners are trying to make it \$75,000.

Half Women, Half Men

The Industrial Department call today included 18 female operators, 1 boatbuilder, 1 machine operator, 2 machinists, 8 general helpers, 1 rivet heater, 6 electricians, 1 pipefitter's helper.

PEOPLE'S OPINIONS

Editor:

Portsmouth certainly should show some recognition for the men from this city who have given their lives in defense of the flag, whether it be on the field of battle, on the seas or in the army or navy camps. These young men were ready to go where duty called and, as was suggested in the Herald of Monday's issue, flags should be at half-mast for those who die in the service, when word comes of their death.

Portsmouth is behind other cities of its size in this respect, as many others pay tribute of respect to the soldier or sailor dead by flags at half-mast or memorial services.

Why does not Portsmouth do something of the kind?

WILL DO WITHOUT PARTY PLATFORM

Burlington, Vt., Oct. 16.—Vermont Republicans will omit the customary state convention this year and will have no party platform. This was decided upon Tuesday at a conference of party leaders and members of the state committee, the action being due to the restrictions on public gatherings imposed as a health measure because of the prevalence of influenza. The conference was attended by Percival W. Clement of Rutland, candidate for governor, and other candidates for state officers.

In a statement issued at the conclusion of the conference the committee said that because of the epidemic it would be impossible to hold the convention within the dates required by law and as no convention could be held it would be impossible to adopt a platform of principles. It was left to the candidates to outline their platforms.

Announcement of the position of the party on the national prohibitory amendment had been awaited with interest, but the decision today left the question undecided. The candidates are divided on the matter.

HUN PRESS BEGINS TO SEE THE LIGHT

Washington, Oct. 16.—Swiss dispatches Tuesday say the German news papers are now showing a confusion equal to that which they showed in the interval between the proposal of Prince Maximilian and President Wilson's message of inquiry. Some of them are quoted as follows: Frankfurt Zeitung: "Evidently if the negotiations cannot be carried out, we could still turn back arms and in desperate combats defend the German territory, but we must have no illusions in this respect. At the most important time of her history, Germany feels the lack of that very energetic

BERLIN DISPLEASED WITH WILSON NOTE

(By Associated Press)

London, Oct. 16.—President Wilson's reply to the German peace note produced "a most unfavorable impression" in Berlin says a news dispatch from Amsterdam today. The publication of the reply, it adds, was followed by a panic in Berlin banking circles and on the stock exchange. The German supreme command, the advisers states, will come to Berlin at the end of the present week "to deliberate on mobilization, concentration of the national strength and the raising of the military age."

Morgen Post: "The Army high command believes, too, that the continuation of war in the present circumstances will bring no good results."

Neue Landes Zeitung of Mannheim (Organ of the Chancellor's Party): "President Wilson and the Entente are mistaken if they think that war was not made with the whole German people in agreement."

SEND IN CLEAR PICTURES

Send in the best picture you can get of your soldier or sailor lad for the Herald's daily picture gallery. The best picture will make the best cut, but a few have been sent in that are not clear and others rather small and such, of course, do not show up in the paper as well as cuts made from better photographs or even snap shots. They will be returned after used to the owners. Send in the best and clearest pictures. Pictures and sketches will be run daily of those in the service from Portsmouth or adjoining towns.

Missing in Action.
Private James J. Wedley, Manchester, N. H.

Distinguished Service Crosses have been awarded to the following for acts of extraordinary heroism:

Private Henry A. Cheney, Company 103d Machine Gun Battalion. For extraordinary heroism in action near Chateau Thierry, France, 18th to 21st, 1918. When his unit advanced on Belloy and Givry, he was seriously

wounded in the left arm, but continued to carry his heavy gun with his right arm through twelve hundred meters of enemy fire, and took up his position with his squad. When a shell struck his position, severely wounding a comrade, and half burying him, the gun and the remainder of the squad, he extricated himself, assisted his companions to recover the gun, and remained at his post until ordered to a dressing station by his platoon commander. Home address, Hooksett, N. H.

Private Melvin F. Tuttle, Company B, 123d Infantry. For extraordinary heroism in action on Hill 190, near Chateau Thierry, France, July 20, 1918. When all of the men of the automatic rifle team of which he was a member had been wounded, Private Tuttle voluntarily advanced alone, attacked a number of enemy machine gun nests which were holding up the advance, and forced the enemy to retreat, thereby making possible the continued forward movement of his detachment. Home address, Intervale, Maine.

Private Edward McNell, Company B, 102d Infantry. For extraordinary heroism in action near Houresches, France, July 20, 1918. Upon reaching his objective, Hill 190, in front of Houresches, he found he was the only man of his squad left. Going forward he entered an enemy machine gun position and at the point of a bayonet captured three machine guns and five prisoners. Home address Mexico, Me.

NEW CLUB FOR ARMY AND NAVY OPENS THURSDAY

Tomorrow a new club for enlisted men—The Army and Navy Club—will be opened on Court street at the Unitarian Chapel between Pleasant and Washington streets. It takes the place of the Army & Navy Tent, which, during the summer months has extended the hospitality of the people of Portsmouth to the men in uniform, and which has now been closed, due to the on-coming cold weather.

The Army & Navy Tent has been a big success. It has been crowded every day from half past four until half past nine with soldiers, sailors and marines. There have been dances every week day; music, singing, and social good times. A cafeteria has furnished good meals at low prices. There has been ample direct testimony that these advantages have meant a good deal to the American men in blue and khaki who visit Portsmouth from time to time.

This work has been carried on under the direction of a committee comprising Mrs. Barrett Wendell, Mrs. Gordon Wendell, Miss Frances Brooks, Mrs. Eugene Danell, and Mrs. Marion G. Towle, and they have been very ably assisted by many other Portsmouth women. These women deserve a great deal of credit for the way in which they have provided a cordial spirit of welcome with an atmosphere that has formed a wholesome substitute for the good home conditions most of the uniformed men have left behind them.

The hostesses during the week were as follows:

Monday—Members of the Girls' Patriotic League.

Tuesday—Mrs. Henry B. Hovey and her committee.

Wednesday—Mrs. Thomas D. Noyes and her committee.

Thursday—York Harbor committee.

Friday—Rye Beach committee.

Saturday—Portsmouth day and a local committee.

All of these activities will be continued at the Army & Navy Club which will protect them securely from the icy blasts of New England weather. There will be a cafeteria where men in uniform can get the best of home cooked dinners at prices far below those current elsewhere. There will be lounging rooms where men may write letters to "the folks back home," read books and magazines, talk and simply feel at home.

The club opens at three o'clock Thursday afternoon and will be open afterwards from 10 a. m. to 10 p. m. week days, 1:30 to 10 p. m. Sundays. There will be appropriate music Sundays. Meals will be served every evening from five o'clock to half past seven. As soon as health conditions permit there will be dancing from 7:15 to 10 p. m. every week day.

The Army & Navy Club is Portsmouth's hand of welcome to its uniformed guests.

OBITUARY

Mrs. Alice B. C. Sherman.

Mrs. Alice B. C. Sherman, wife of B. L. Sherman, of New Bedford, Mass., and a sister of Rev. Percy W. Caswell, pastor of the Court Street Christian church, died at her home last Wednesday of pneumonia, following influenza, at the age of 31 years, after a week's illness. Mrs. Sherman was the daughter of Mr. and Mrs. David W. Caswell of New Bedford, and a young woman of especially pleasing personality and sterling qualities. Her death is the first break in the family and came with crushing force to her relatives, and brought much sorrow to her friends.

Rev. Mr. Caswell received word that Wednesday that his sister was seriously ill and immediately left for New Bedford, but before his arrival she had passed away. He remained there until last Sunday, the funeral having taken place the Friday previous.

Mrs. Sherman had made numerous visits to this city and three years ago at the holiday time she visited her brother here and assisted him in arranging a Christmas cantata. She was an excellent pianist, having had engagements in New Bedford and other places, and on several occasions has been heard at the Court Street Christian Society entertainments, and news of her death was heard with much regret by the parish.

She is survived by her husband and three small children; her parents; a sister, Mrs. Edna L. Davis; a brother, Wallace C. Caswell, all of New Bedford, Mass., and also Rev. Percy Warren Caswell of this city.

Daniel Joseph Wholey.

Daniel Joseph Wholey died at the home of his parents, Mr. and Mrs. Daniel Wholey, of State street, this morning, aged 12 days.

Margaret George Winn.

Died Oct. 15th at the home of her grandparents, Mr. and Mrs. Walter H. Mason of High street, Margaret George Winn, aged 4 years.

Arthur Leslie Fernald.

Arthur Leslie Fernald, infant son of Mr. and Mrs. Andrew P. Fernald of Elliot, died on Tuesday forenoon.

Mrs. Edward Austin.

Mrs. Edward Austin died at her

home on Lincoln avenue this noon. Mr. Austin is also seriously ill.

PERSONALS

Mr. and Mrs. Orel Dexter are ill at their home on Lincoln avenue.

Mrs. Edward Baker has been called to Everett, Mass., by the illness of her sister.

I. H. Cushman, who has been visiting his home in Concord, has returned to this city.

Mrs. B. D. McGee and family of Miller avenue left today for Atlantic City to reside.

Miss Maggie Yurell, who has been seriously ill at her home in Rye is slowly improving.

Editor Frank H. Meloon of the Boston Record, has been passing a few days with his father in this city.

Robert P. Shepard of Boston, special agent for the Actina Life Insurance Co., was a visitor in town yesterday.

Carl Ekstrom, who has been ill for two weeks at his home in Concord, has returned to his duties in this city.

Winfield L. Caswell of the coast guard office, has recently returned from a few days' visit to his home in Manchester.

Hugo Ericson, who has been confined to his home in Concord for two weeks owing to illness, has now returned to his work in this city.

Laurence Blibrick, Boston & Maine station agent at Kittery Junction, who has been ill with pneumonia, has now recovered and again resumed his duties.

Mr. and Mrs. Fred H. Winn of Newington announce the engagement of their daughter, Mae Frances, to Captain Joseph H. Lavertue, U. S. A., of Laconia, now stationed at Port Constitution.

Mrs. Wallace Crompton and Mrs. William Littlefield of Dennett street, who have been seriously ill, are now much improved. This will be pleasing news to the many friends of the family, that has been sadly afflicted by the influenza.

NO DECISION AS TO RAISING OF QUARANTINE

No intimation has been made by the Public Health Service as to when they will raise the quarantine on the schools, churches and theatres and no decision will probably be reached until the last of the week.

There was a material betterment of conditions on Tuesday and the death rate dropped to the smallest number of any day since the epidemic started, only two children in twenty-four hours. There are, however, a great many sick people still about the city and physicians say that more deaths may be expected as there are many critical cases.

The suburbs continue to report new cases and for the last two days Dr. Kehoe of the Public Service Board has been working in Hampton and surrounding towns and one of the Red Cross nurses, Miss Murphy, has been visiting cases in that section and in North Hampton.

Miss Rowell, another nurse, is busy in Elliot and Kittery, and on Tuesday she visited ten families, many of whom were new cases. Dr. Carroll from the Board, who has been working in Kittery, has been transferred to Rochester, where the conditions were so bad that the State Board of Health appealed to the local board for help.

There are about forty patients at

the Emergency hospital, with comparatively few cases coming in. Mrs. Gould, one of the nurses who has been critically ill with the disease, was reported on Tuesday to be over the crisis and to be showing some improvement.

The Red Cross diet kitchen had eight additional new families on Tuesday, making a total for the day of sixty in all, representing about 100 people. There has been a dropping off in the contributions during this week and it is hoped that they will be resumed. There is a great expense connected with supplies for the kitchen, the work is all volunteer and the distribution is by volunteers in their motor cars, but the cost of meals and other supplies is heavy, so that all donations materially help out. Here are some of the things that are needed by the Red Cross: Broths, malted milk, home made bread and rolls, custards, light desserts, celery, tomatoes, eggs, lemons, and cocoa.

REGISTRATION WAS OVER THE ESTIMATE

(By Associated Press)

Washington, Oct. 15.—Final returns from all of the states shows 12,956,354 men registered for military duty on Sept. 12. This is 187,836 in excess of the number estimated by General Crowder.

GIRLS! MOISTEN A CLOTH AND DRAW IT THROUGH HAIR

It becomes beautifully soft,
wavy, abundant and
glossy at once.

Save your hair! All dandruff
goes and hair stops
coming out.

Surely try a "Danderine Hair Cleanse" if you wish to immediately double the beauty of your hair. Just moisten a cloth with Danderine and draw it carefully through your hair, taking one small strand at a time; this will cleanse the hair of dust, dirt or any excessive oil—in a few minutes you will be amazed. Your hair will be wavy, fluffy and abundant and possess an incomparable softness, lustre and luxuriance.

Besides beautifying the hair, one application of Danderine dissolves every particle of dandruff; invigorates the scalp, stopping itching and falling hair.

Danderine is to the hair what fresh showers of rain and sunshine are to vegetation. It goes right to the roots, invigorates and strengthens them, its exhilarating, stimulating and life-producing properties cause the hair to grow long, strong and beautiful.

You can surely have "pretty, soft, lustrous hair, and lots of it, if you will spend a few cents for a bottle of Danderine's Danderine. At any drug store or toilet counter and try it as directed.

Save your hair! Keep it looking charming and beautiful. You will say this was the best money you ever spent.

OLD JOB AND
\$20,000 BACK PAY

Washington, Oct. 16.—Representative Olney's office Tuesday announced that an order had been signed by the President to reinstate in the Federal service Thomas H. O'Neill of Danvers, and that he will receive back pay amounting to about \$20,000 for the time lost since his retirement under President Roosevelt's Administration. Mr. Olney has been active in O'Neill's behalf.

According to the statement, O'Neill had been discharged as a special agent in the Treasury Department and his reinstatement is said by Olney's office to be the first case in 31 years in which a Civil Service decision has been reversed.

IF BACK HURTS BEGIN ON SALTS

Flush your kidneys occasionally if you eat meat regularly.

No man or woman who eats meat regularly can make a mistake by flushing the kidneys occasionally, says a well-known authority. Meat forms uric acid which clogs the kidney pores so they sluggishly filter or strain only part of the waste and poisons from the blood, then you get sick. Nearly all rheumatism, headaches, liver trouble, nervousness, constipation, dizziness, sleeplessness, bladder disorders come from sluggish kidneys.

The moment you feel a dull ache in the kidneys or your back hurts, or if the urine is cloudy, offensive, full of sediment, irregular of passage or attended by a sense of scalding, get about four ounces of Ind Salts from any reliable pharmacy and take a tablespoonful in a glass of water before breakfast for a few days and your kidneys will then act fine! This famous salt is made from the acid of grapes and lemon juice, combined with lithia and has been used for generations to flush clogged kidneys and stimulate them to activity, also to neutralize the acids in urine so it no longer causes irritation, thus ending bladder disorders.

Ind Salts is inexpensive and cannot injure; makes a delightful effervescent lithia-water drink which all regular meat eaters should take now and then to keep the kidneys clean and the blood pure, thereby avoiding serious kidney complications.

NEW HAMPSHIRE FARMERS OPPOSE "DAYLIGHT SAVING"

A letter has been received by the State Department of Agriculture from Commissioner A. L. Pelker of the New Hampshire Department of Agriculture who asks if something cannot be done to promote a return to the standard hours of week time. Mr. Pelker says the farmers in his state have always been opposed to the "daylight saving" since it has tended to force summer work too early in the day, when the dew is still heavy. Furthermore, it is hard enough, New Hampshire farmers say, to get country schoolhouses warm by 9 o'clock in winter and it will be much harder to warm them by 8 o'clock, which will come very soon after sunrise, if the present clock time is used. Mr. Pelker says the extra cost of fuel will offset all the saving in lights.—Boston Globe.

IF BACK HURTS BEGIN ON SALTS

Flush your kidneys occasionally if you eat meat regularly.

No man or woman who eats meat regularly can make a mistake by flushing the kidneys occasionally, says a well-known authority. Meat forms uric acid which clogs the kidney pores so they sluggishly filter or strain only part of the waste and poisons from the blood, then you get sick. Nearly all rheumatism, headaches, liver trouble, nervousness, constipation, dizziness, sleeplessness, bladder disorders come from sluggish kidneys.

The moment you feel a dull ache in the kidneys or your back hurts, or if the urine is cloudy, offensive, full of sediment, irregular of passage or attended by a sense of scalding, get about four ounces of Ind Salts from any reliable pharmacy and take a tablespoonful in a glass of water before breakfast for a few days and your kidneys will then act fine! "FORDS"

Now that new Ford Cars are scarce the next best thing to do is to have your present car put in good running order.

With a little care and very small expenditures you can keep your car up to date and in good mechanical order. But when you have these things attended to be sure and insist on getting genuine Ford parts. There are many substitutes and imitations and they are all supposed to be just as good but if your car is worth spending any money on it at all, why not use a little care and see that it is repaired right by using genuine Ford parts manufactured by the Ford Motor Co. of Detroit.

We have a large supply of parts in stock ready for immediate use.

PUTTING MORE MEN ON THE CROSSINGS

More Pay and Eight-Hour Shifts for Employees.

The Boston and Maine railroad has ordered additional men put on the Vaughan street, Green street and Noble's Island crossings, making three shifts of 8 hours, with good pay. The company wants men for these jobs

which no doubt will appeal more to workmen than in the past for the reason of the shorter hours and increased pay which is about \$3. At one time the flagman at Green street was paid at the rate of \$1.15 per day. The order to make 8 hour shifts of all flagmen and switchmen is direct from the government. Up to the present time the work has been arranged so that men have been working extra hours and receiving overtime pay. Now it will be straight pay and regular hours for the men.

AUTUMN

Now here is Autumn once again,
And leaves are falling fast;
And German hopes are falling, too;
Hun victories are past.

America is speeding up—
Her armies crowd the shore;
A million men or so in France,
At home vast millions more
Are building ships and guns and planes,
Are raising crops—and trust
Their billions, all to Uncle Sam
To win the war or bust.

'Tis fall—the melancholy days are here,
The saddest for the Hun—
But all is right in the U. S. A.
For Fritz is on the run.

There is an army you can fight in—the Bond buyers.
They fight till it hurts—let's loan till it hurts.

THE HERALD HEARS

That the largest number of marines in the history of the Portsmouth navy yard are now stationed there.

That a party of Portsmouth sports recently took seats in the camouflaged auto and started for Haverhill.

That they got there and back but it took some time to do it.

That seventy miles in 44 hours is some speed.

That the boys say that there is no camouflaging that ride.

That the junk man got the big end of it in gathering in defective tires.

That those who made up the party say they did not expect to go camping out in the machine.

That some Portsmouth boys are members of the crew on the transport America which sank at the docks in Hoboken.

That the naval hospital is using 100 quarts of milk daily.

That Portsmouth certainly has learned a lesson as to the matter of a contagious hospital.

That we should not be caught again under such circumstances.

That the Massachusetts Public Service Commission has prohibited the use of one man trolley cars in the state.

That this applies to only where cars are locked at one end.

That contractors and builders are hunting everywhere for second hand brick.

That there is no record throughout the state of politicians going over the top in the campaign.

That the supply of coal on the way to Portsmouth cannot arrive too soon.

THE WEATHER

Washington, ct. 15.—Fair tonight and Thursday except probably local rains in Vermont. Slightly warmer tonight. Light variable winds, mostly north.

PORTSMOUTH BOYS IN CREW OF THE SUNKEN TRANSPORT

James Harrington, William White, both colored, and James Berry all of this city, are said to be members of the crew of the U. S. transport America which was sunk at the docks in Hoboken on Tuesday morning.

Ten Applicants for the Place on the Anxious Seat.

The matter of appointment of a postmaster to succeed John H. Dowd is keeping ten applicants on the anxious seat until the postmaster general or one of his assistants signs and delivers the document which will put one of the ten in charge here.

The appointment, it is expected, will be made within the next two weeks and will be handed to one of the following candidates:

Arthur H. Locke, P. T. McWilliams, Frank W. Knight, Frank M. Donnell, Fred C. Tucker, J. H. Washburn, Fred Merrill, Joseph P. Conner, William L. Conlon, Mr. Tague. The last named applicant is at present employed in the railway postal service.

BETTER BE SAFE THAN SORRY

Lives are precious these days and Portsmouth has been hard hit these days, so every precaution must be taken to prevent the spreading of the influenza. Our war working industries must be protected. We must do our utmost to stamp out the disease and prevent a recurrence. Normal times and conditions are anxiously looked forward to by every man, woman and child but let's make sure.
